Karin –

We are working on the Rosemont papers this morning. Yesterday was overtaken by other deadlines and we want to include comments from our Wetland folks, which they are still working on. I'll send you our input later today.

I will find out about the list. I think we should share corrections because we may have some also and I'd like to check with OW. Ideally I'd like to send one set of comments from EPA. Also, Per my message to you and the other Kathleen, I'd like you guys to do a briefing for Shari on Rosemont. Shari's calendar is kind of tight, but let me know the best way to try to schedule something that works for you so I can let Shari's scheduler know approx. timeframes. Thanks.

Karin –

Carter Jessop is coordinating R9's review of the attachments to Horst's message. We will have some edits/corrections. Horst requested that we send any edits/corrections to Kerry Rodgers/Paul Heberling by Wednesday 1/13. I'll be on leave tomorrow and Friday, so will look at Carter's proposed edits (which will incorporate input from our Water folks) on Monday. Once I have reviewed them, would you like me to send them to you for transmission to CEQ, or shall I send them directly to CEQ and just copy you?

Also, Horst requested that we send Kerry/Paul updates to the email list that he attached by Monday 1/11. I have updated the R9 names (see attached), but there is one name (Crystal Penman) listed with the R9 folks that appears to belong with the HQ names and I don't know who she is. Should she remain on the list?

Happy NY. Hope you had a great holiday and got to take some time off. I was off a few days last week. What a pleasure.

Question for you. I'm wondering whether Horst ginned up attachment 3 or this is something EPA gave him. Do you know? Thanks.
